## FALL 2019 EVENTS

### Fossil Hunting Field Trip – Sunday, October 6, 2019, 11am – 2 pm
Find your own fossils on a guided trip to the Big Brook Preserve in Colts Neck, NJ with Rutgers University geologists. This site is famous for its prolific marine fossils including shark teeth!

### Late Nights
Held on the first **Wednesday** of each month. Come to the museum to enjoy activity stations for children and adults alike from 4 pm-8 pm. These events are free and open to visitors of all ages!

<td>Ice Age</td>
<td>Come chill with us and learn about mastodons, saber-toothed cats, and many other creatures that roamed this planet during the Ice Age!</td>
</tr>
</tbody>
</table>

### Patch Tours
Working on a merit badge? We can help. The Geology Museum offers tours to local scouting groups to help them complete the requirements for several different badges and activities. While aimed at girl scout and boy scout groups, these tours are also great for school groups!

We currently offer two Patch Programs:

- **Fossil Fun!** - The Fossil Fun Tour will teach participants about the different types of fossils and how they are formed. Children will even be able to make their own fossil dig kit!
- **Amazing Minerals!** - Participants will learn about the three rock types, how they are formed, and how geologists define minerals and their properties. Children will take home their own mineral identification kit.

Tours cost $10 per participant. Patches can be added on for $2 per participant.

* Registration for these events can be found on our website at [https://geologymuseum.rutgers.edu/museum-events/scout-patch-tours](https://geologymuseum.rutgers.edu/museum-events/scout-patch-tours) *
